* Historically higher than the national average. This rate reflects the percentage of JWU graduates who secure full or part-time employment, are enrolled/accepted in a program of study to continue their education, are performing voluntary service, or enlist in military service within six months of graduation.

All statistics are the most current as of July 2020 and incorporate data from the Denver and North Miami campuses which are scheduled to close in the summer of 2021.

The facts presented here reflect the University environment prior to the COVID pandemic, during which time changes have been made to adapt to prevailing conditions and protect the health and safety of the University community. The University reserves the right to make changes to any of its facilities, offerings and services as it deems appropriate.
